# ABOUT

Shurflo® has been a leading name in small pump manufacturing since 1968. With various flows, voltages and material choices, the Shurflo line covers a wide range of fluid-handling applications. Whether working on a new system or improving an existing one, our experienced field personnel and applications engineering team will assist you in selecting a pump to meet your requirements. Our team is also ready to work with you to develop your custom pumping solution.

## PUMP SELECTION ASSISTANCE

- | Visit [www.shurflo.com](http://www.shurflo.com) and click on the Pump Select icon
- | Fill in as much application information as possible and click submit
- | Our Application Engineers will review your request and provide a tailored Shurflo pump solution

- / AN EXTENSIVE PRODUCT LINE
- / INNOVATIVE SOLUTIONS
- / QUALITY PRODUCTS
- / SUPERIOR CUSTOMER SERVICE
- / CUSTOM CONFIGURATIONS
- / DYNAMIC PARTNERSHIP OPTIONS
- / APPLICATION SPECIFIC SUPPORT

WE  
OFFER

# MARKETS

## General Industrial

With various flow rates, voltages, and material combinations available, Shurflo® pump configurations are comprised of a wide range of industrial fluid-handling applications that includes construction, laboratory, chemical transfer, ink and dye injection and hot oil equipment.

## Floor Care/Sanitation

Engineered OEM pump solutions for scrubber, extractor and pre-treatment sprayers for hard and soft surface floor care offer the service provider consistent performance and durable reliability.

## Solar Watering

Pumps and accessories tailored for low amp draw and enduring performance ideally suited for remote livestock watering, off-grid residence, or whenever efficient DC powered water delivery is needed.

## Automotive

Fluid service and maintenance for vehicle fluid rejuvenation. Offering flows, voltages and material combinations to handle common automotive fluids and cleaning agents.

## Car Wash

Offering AODD (air operated diaphragm) pump and other technologies in dispensing and chemical solution delivery.

## Medical/Healthcare

Offering a versatile and wide range for specific functions in post-surgery, therapy cooling, disinfecting equipment and applications for optical grinding equipment.

# 8000 SERIES PUMPS

---

HIGH PRESSURE, LOW FLOW APPLICATIONS

- | Up to 8 vertical ft (2.4 m) self-priming available
- | Built-in check valve
- | Designed for spraying and fluid transfer
- | Can run dry without damage
- | Pressures up to 150 PSI [10.3 bar]
- | Chemically resistant materials

The 8000 series diaphragm pump is the most widely used Shurflo® industrial pump. With spherically shaped valves and automatic demand switch, these pumps deliver consistent, dependable operation and priming; up to 1.8 GPM [6.8l/min]. They can be mounted in any position, and are designed for easy maintenance. They are available in a variety of voltages, from 12 VDC to 230 VAC.
